ESG LTS IN DER SCHWEIZ

CEVI

**FACHGRUPPE
INTERNATIONAL**

International

The **ESG LEADERSHIP TRAINING** and seminar offers the opportunity to exchange ideas with other scouts from YMCA Europe. During the four days of seminar and training there will be many exciting discussions and there will be cool activities. Don't worry, even if it's called a "seminar", it's not a theoretical matter! Since the LTS is a relatively small camp, you get to know all the participants well and can also make contacts for after the camp. Regardless of whether you have already visited an international camp or just want to get a foothold, LTS offers something for everyone. We would be happy if you were there too.

Price & Travel costs:

200 CHF for West Europe (Sweden, Norway, Germany, Finland, Netherlands, usw)

150 CHF for East Europe (Hungary, Czech)

We are working on raising funds to decrease this by 50 chf, and refund travel costs. The latter will be subject to some conditions, like having a VAT invoice and using low carbon footprint options. If you want to benefit from this, please hold off booking your travel until we have more clarity.
